

BRAND GUIDELINES

Structured for generations.

A family office, built to outlast its makers. The complete identity system — mark, colour, type, voice, and application.

Thirteen parts, one system.

11 Applications

12 Voice

Wealth, structured to outlast its makers.

QMULATE organise real estate wealth — property management, brokerage, advisory, and facilities operations — into one governed system that preserves value, strengthens performance, and carries assets forward across generations.

01

Property Stewardship

Professional management and operational oversight that preserve and enhance asset value over time.

02

Governed Growth

A disciplined approach that protects assets, supports performance, and enables long-term continuity.

03

Property Advisory

Brokerage, advisory, and analytical capabilities that turn information into opportunity.

Why the structure exists.

Positioning describes what we do. This is the intent beneath it — the reason the systems are built the way they are.

MISSION

We organise, govern, and operate real estate assets through one integrated system — creating the structure that turns properties into enduring sources of value.

Real estate is managed as part of a wider governance framework, where ownership, operations, advisory, transactions, and oversight work together to preserve value and support long-term growth.

VISION

A property platform measured in decades, not deals — where every asset operates within one governed framework and every opportunity contributes to long-term wealth.

Real estate that is understood, protected, and continuously improved. Quiet compounding through structure, stewardship, and disciplined execution.

01

Compound

Let structure, not noise, drive returns over decades.

02

Protect

Govern for the downside; preserve before we grow.

03

Transfer

Carry intent — not just assets — between generations.

Accumulating strata.

The mark is built from stacked strata — horizontal layers that accumulate upward. The shorter topmost stratum carries our blue: the newest layer, still compounding. It reads as **structure, ledger, and growth** at once.

Give the mark room.

Maintain clear space equal to the height of one stratum (x) on every side. Never crowd the mark with type, imagery, or edges.

Minimum size

Below these sizes the strata lose definition. Use the mark-only form for favicons and avatars.

24PX · DIGITAL

10MM · PRINT

16PX · FAVICON

Four approved lockups.

Horizontal is the default. Use stacked where width is constrained, the light-background form where ink is unavailable, and the mark alone for app icons and avatars.

HORIZONTAL — DEFAULT

STACKED

ON LIGHT

MARK ONLY

Built one layer at a time.

The mark animates the way wealth accumulates: strata stack upward in sequence, each layer settling before the next arrives. The blue top stratum lands last — the newest layer, still compounding. Use it for app launch, intros, and loaders. **One play, then rest;** never loop in a hero.

05

SETTLE & HOLD

Timing

~1.1s total. Each layer eases in over 260ms with a 140ms stagger; the blue stratum arrives last with a brief settle.

Easing

Decelerate only — `CUBIC-BEZIER(.2, .8, .2, 1)`. Layers slide up and scale from the left; nothing overshoots or bounces.

Restraint

Play once on entry, then hold the static mark. No perpetual motion, spin, or particle effects. Respect reduced-motion.

Protect the mark.

The mark's integrity depends on consistency. Never alter its proportions, colour, or orientation.

DON'T RECOLOUR THE STRATA

DON'T STRETCH OR DISTORT

DON'T ROTATE

DON'T ADD EFFECTS

DON'T PLACE ON LOW CONTRAST

DON'T CHANGE THE RATIO

Black and white, one thread of blue.

The system is monochrome — a ladder of neutral greys from ink to white. Blue is the only colour, and it is reserved for small parts: the top stratum, links, primary actions, and active states. **Keep it under 10%** of any composition.

Ink

Primary background

#0A0B0D

Graphite

Surfaces / cards

White

Primary text

#ECEE2

Blue — Accent only

#5B7CFA

The single accent. The top stratum, links, primary buttons, active states. Bright tint #8AA4FF for legibility on ink.

USAGE RATIO

Neutral first; blue is a thread, never a field. Greyscale carries the brand — blue only signals.

70 INK · 22 GREY · 8 BLUE

Geist, throughout.

Geist Display sets headlines; Geist sets everything else. One family, used with precision. Figures are always **tabular** — financial data must align.

Arabic, with the same precision.

Geist has no Arabic glyphs, so **Madani Arabic** is its companion — an engineered, low-contrast face whose weight and structure mirror Geist. Set Arabic right-to-left, optically 1–2% larger than the Latin, with matched x-height. Financial figures keep **Western (Latin) tabular numerals** so columns align across both scripts.

نص — قيمة طويلة الأمد تُحفظ عبر الأجيال.

LATIN – GEIST

Wealth, structured to outlast its makers.

ARABIC – MADANI ARABIC

ثروة مبنية لتدوم بعد طانعيها.

Numerals

SAR 48,200,000

Keep Western tabular figures in data and currency — even within Arabic copy — so ledgers and tables stay aligned.

Direction

Set Arabic strictly RTL. Mirror layouts, alignment, and the mark's clear space; the strata mark itself is symmetric and never flips.

Harmony

Map weights 1:1 (Regular↔عادي, Bold↔عريض). Increase Arabic line-height to ~1.75 for breathing room above the baseline.

The system in use.

The identity is built for restraint. Across stationery, digital, and environment it stays dark and architectural, letting the strata mark and a single thread of blue carry recognition.

LOBBY – ILLUMINATED MARK ON INK

Confident. Specific. Quiet.

We write the way a senior partner speaks: precise, evidence-led, and unhurried. Structure does the persuading.

Confident, not loud

State the position plainly; let it stand without embellishment.

Specific over superlative

Name the structure, the figure, the outcome — never “world-class”.

Plain structure

Short sentences carry the weight. One idea at a time.

Long-term framing

Speak in generations and governance, not quarters and hype.

WE SAY

“Wealth, structured to outlast its makers.”

“Governed systems that preserve value across generations.”

“Multi-asset oversight, end to end.”

Dark, architectural, generational.

Imagery is calm and architectural — glass façades, colonnades, atria, and structural detail, all in low blue light. Treat photography as a near-monochrome **duotone**: deep ink shadows with a single blue cast. No bright, busy, or warm stock.

DUOTONE RECIPE — MAP SHADOWS TO INK #0A0B0D AND HIGHLIGHTS TO BLUE #5B7CFA. KEEP MIDTONES NEUTRAL GREY.
