Positioning source

01 - POSITIONING

A family office, built to outlast its makers.

Wealth, structured to outlast its makers.

QMULATE organises multi-asset wealth — property, equities, and holding structures — and builds the governed systems that let value endure across generations. The brand is dark, precise, and architectural: confidence expressed through structure, with a single thread of blue.

Multi-asset oversight One coherent view across property, equities, and holdings.	Endowment structures Vehicles designed to compound and protect over decades.	Legacy governance The rules and reporting that carry intent between generations.
--	--	--

02 - THE MARK

Accumulating strata.

The mark is built from stacked strata — horizontal layers that accumulate upward. The shorter topmost stratum carries our blue: the newest layer, still compounding. It reads as structure, ledger, and growth at once.

DETAIL EXPANSION

This page preserves the supplied positioning language: a family office built to outlast its makers, with multi-asset oversight, endowment structures, and legacy governance as the three core pillars.

Accumulating strata.

The mark is built from stacked strata — horizontal layers that accumulate upward. The shorter topmost stratum carries our blue: the newest layer, still compounding. It reads as structure, ledger, and growth at once.

DETAIL EXPANSION

Use the core line exactly where a decisive brand statement is needed. Supporting copy should remain precise, restrained, and structural. Do not introduce hype, lifestyle language, or performance promises.

02 - THE MARK

Accumulating strata.

The mark is built from stacked strata — horizontal layers that accumulate upward. The shorter topmost stratum carries our blue: the newest layer, still compounding. It reads as structure, ledger, and growth at once.

DETAIL EXPANSION

Lead with the long-term proposition, then explain the operating system. The order is: category, promise, evidence, pillars, action. This keeps client material clear and senior.

SOURCE-FAITHFUL EXPANSION

The mark

The mark is built from stacked strata — horizontal layers that accumulate upward. The shorter topmost stratum carries our blue: the newest layer, still compounding. It reads as structure, ledger, and growth at once.

LEFT: PRIMARY MARK ON INK. RIGHT: CONSTRUCTION — THE MARK SITS ON AN 8-UNIT GRID; BAR HEIGHT AND GAPS ARE EQUAL.

03 — CLEAR SPACE & MINIMUM SIZE

Give the mark room.

Maintain clear space equal to the height of one stratum (x) on every side. Never crowd the mark with type, imagery, or edges.

DETAIL EXPANSION

The mark remains the stacked strata mark shown in the supplied file. Do not redraw, restyle, recolour, rotate, thicken, round, or reinterpret the bars.

SOURCE-FAITHFUL EXPANSION

Mark meaning

The mark is built from stacked strata — horizontal layers that accumulate upward. The shorter topmost stratum carries our blue: the newest layer, still compounding. It reads as structure, ledger, and growth at once.

LEFT: PRIMARY MARK ON INK. RIGHT: CONSTRUCTION — THE MARK SITS ON AN 8-UNIT GRID; BAR HEIGHT AND GAPS ARE EQUAL.

03 — CLEAR SPACE & MINIMUM SIZE

Give the mark room.

Maintain clear space equal to the height of one stratum (x) on every side. Never crowd the mark with type, imagery, or edges.

DETAIL EXPANSION

The shorter blue stratum is the newest layer, still compounding. The white strata below express accumulated structure, ledger, and continuity.

SOURCE-FAITHFUL EXPANSION

Clear space

Maintain clear space equal to the height of one stratum (x) on every side. Never crowd the mark with type, imagery, or edges.

Minimum size

Below these sizes the strata lose definition. Use the mark-only form for favicons and avatars.

24 PX DIGITAL 10 MM PRINT 16 PX FAVICON

DETAIL EXPANSION

Clear space is measured from one stratum height. Keep type, edges, images, and UI chrome outside that protected area.

04 - LOCKUPS

Four approved lockups.

Horizontal is the default. Use stacked where width is constrained, the light-background form where ink is unavailable, and the mark alone for app icons and avatars.

16 PX FAVICON

DETAIL EXPANSION

Use the supplied minimum sizes as written: 24 px digital, 10 mm print, and 16 px favicon. Below that, use the mark-only version.

04 - LOCKUPS

Four approved lockups.

Horizontal is the default. Use stacked where width is constrained, the light-background form where ink is unavailable, and the mark alone for app icons and avatars.

Approved lockups

04 - LOCKUPS

Four approved lockups.

Horizontal is the default. Use stacked where width is constrained, the light-background form where ink is unavailable, and the mark alone for app icons and avatars.

DETAIL EXPANSION

Only the four supplied lockups are approved: horizontal, stacked, on light, and mark only. Use these exactly as shown.

SOURCE-FAITHFUL EXPANSION

Lockup placement

04 - LOCKUPS

Four approved lockups.

Horizontal is the default. Use stacked where width is constrained, the light-background form where ink is unavailable, and the mark alone for app icons and avatars.

HORIZONTAL

STACKED

ON LIGHT

MARK ONLY

DETAIL EXPANSION

Horizontal is the default for website headers, business cards, proposals, and signatures. Stacked is only for constrained width or ceremonial use.

Misuse

05 - MISUSE

Protect the mark.

The mark's integrity depends on consistency. Never alter its proportions, colour, or orientation.

DON'T RECOLOUR THE STRATA

DON'T STRETCH OR DISTORT

DON'T ROTATE

DON'T ADD EFFECTS

DON'T PLACE ON LOW CONTRAST

DON'T CHANGE THE RATIO

DETAIL EXPANSION

The misuse rules are literal: do not recolour, stretch, rotate, add effects, place on low contrast, or change the ratio.

SOURCE-FAITHFUL EXPANSION

Colour

06 - COLOUR

Black and white, one thread of blue.

The system is monochrome — a ladder of neutral greys from ink to white. Blue is the only colour, and it is reserved for small parts: the top stratum, links, primary actions, and active states. Keep it under 10% of any composition.

Blue — Accent only
The single accent. The top stratum, links, primary buttons, active states. Bright tint #8AA4FF for legibility on ink.
#5B7CFA

Usage Ratio
Neutral first; blue is a thread, never a field. Greyscale carries the brand — blue only signals.
70 INK · 22 GREY · 8 BLUE

DETAIL EXPANSION

The colour system stays monochrome with one blue thread. Blue is reserved for the top stratum, links, primary actions, and active states.

Imagery

- "Wealth, structured to outlast its makers."
- "Governed systems that preserve value across generations."
- "Multi-asset oversight, end to end."
- "Revolutionary", "game-changing", "best-in-class".
- Exclamation marks and hype.
- Jargon that hides the substance.

10 - IMAGERY

Dark, architectural, generational.

Imagery is calm and architectural — glass façades, colonnades, atria, and structural detail, all in low blue light. Treat photography as a near-monochrome duotone: deep ink shadows with a single blue cast. No bright, busy, or warm stock.

DETAIL EXPANSION

Use only the visual direction represented in the supplied imagery panel: dark, low-blue, structural, abstract, and restrained. Do not introduce new building photography.

09 - VOICE

Confident. Specific. Quiet.

We write the way a senior partner speaks: precise, evidence-led, and unhurried. Structure does the persuading.

Confident, not loud

State the position plainly; let it stand without embellishment.

WE SAY

- "Wealth, structured to outlast its makers."
- "Governed systems that preserve value across generations."
- "Multi-asset oversight, end to end."

Specific over superlative

Name the structure, the figure, the outcome — never "world-class".

Plain structure

Short sentences carry the weight. One idea at a time.

WE AVOID

- "Revolutionary", "game-changing", "best-in-class".
- Exclamation marks and hype.
- Jargon that hides the substance.

Long-term framing

Speak in generations and governance, not quarters and hype.
